PRESENT BY STOXMEE

PRICE ACTION SETUPS 1

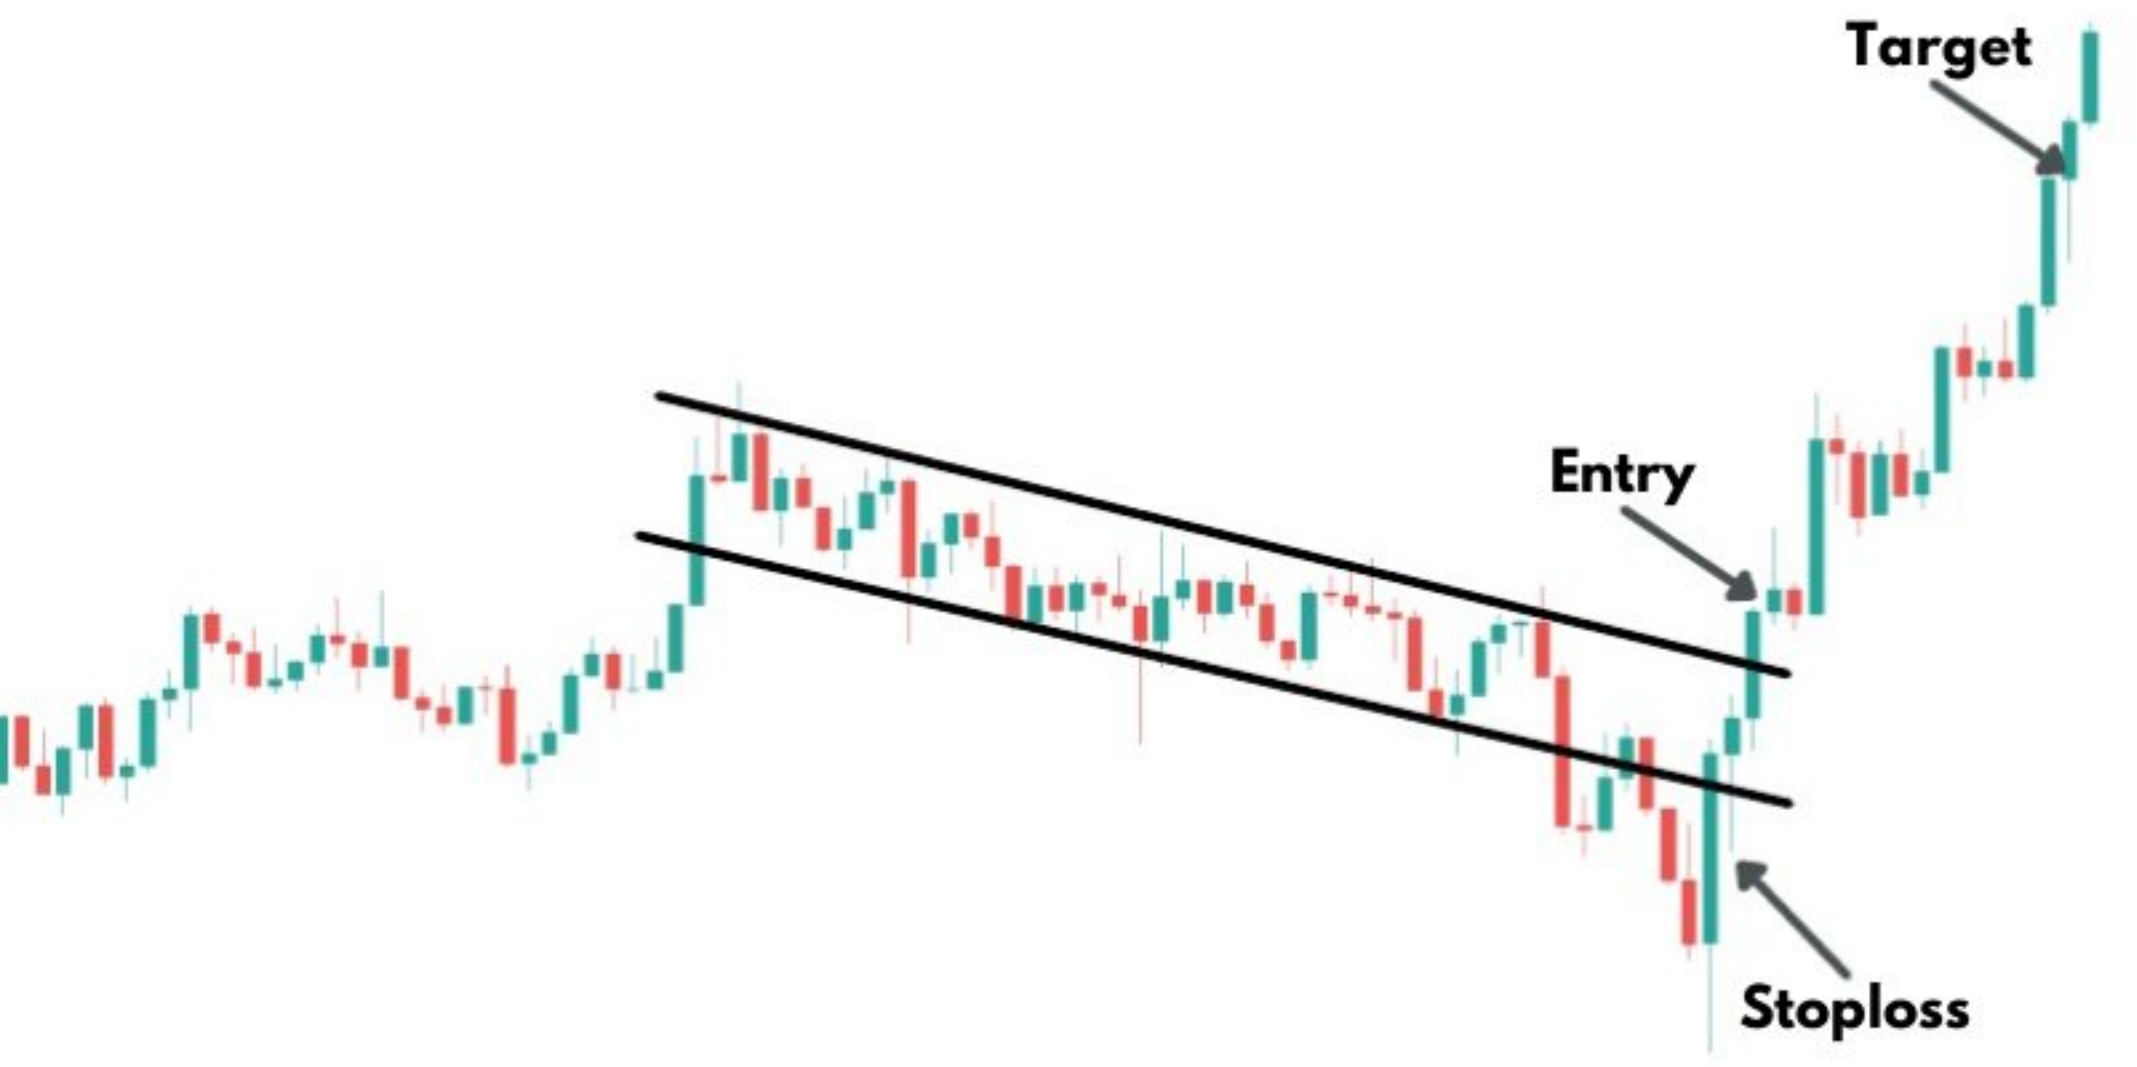

Bullish channel

Price moves up in a bullish channel

We have to buy as soon as the candle closes above the trend line

PRICE ACTION SETUPS 2

Price moving in a box
Here we have to wait the conformation

Here we found a higher high pattern so we can enter here with a small stoploss

We have to enter as soonas
the previous high break

PRICE ACTION SETUPS 3

Here came a good moment after a resistance break, now we can re-enter here, but after the price approaches the support line

Whenever the price take support at a level, we should enter after a bullish confirmation.

We have to buy on support only when there is bullish engulfing and higher high pattern.

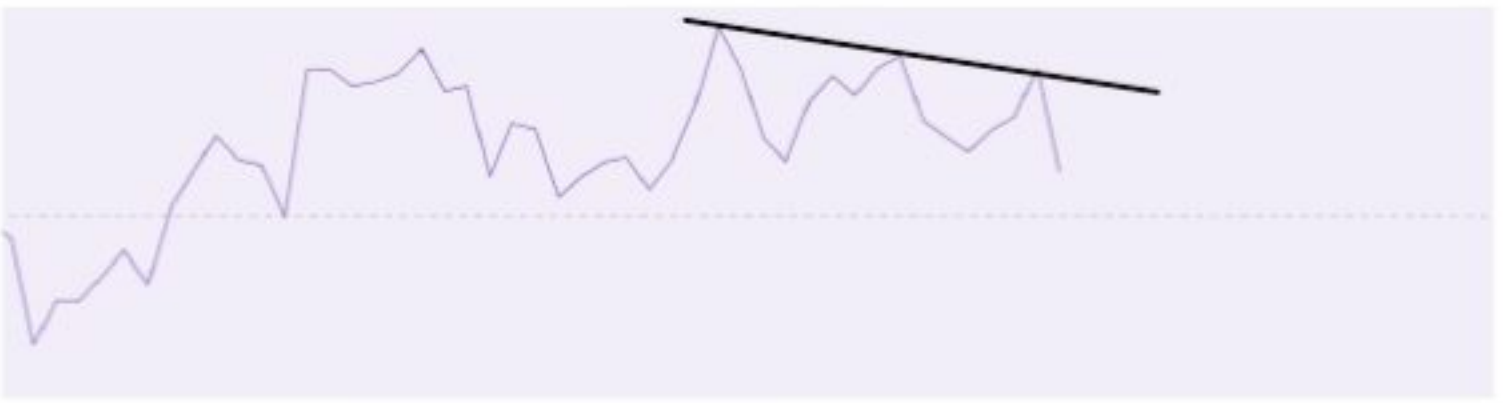

PRICE ACTION SETUPS 4

Price Going Up

RSI Value Going Down
